

Talk Time Topics

This is a list of topics for students to speak on. Have students pick a number at random or [roll some dice](#) (You'll need 4). Find the matching topic or question and read it to them. They must speak on this topic for as long as they can without stopping. If they cannot say anything about the topic because it doesn't apply to them, they can choose another topic. These also make for nice basic writing prompts for a writing journal.
